Dear Director Hebert:

ASCLD/LAB Executive Director John Neuner has approved the continuation of accreditation of the Washington State Patrol - Breath Test Program, based upon the results of the off-site surveillance activity, completed by ASCLD/LAB Staff Assessor Harry A. Fox on November 12, 2015.

Enclosed with this correspondence you will find a final copy of the Off-site Surveillance Report. Continuation of accreditation does not change the expiration date of accreditation. Rather, this action is an annual, formal acknowledgement that a laboratory continues to operate in satisfactory conformance with accreditation requirements.

Congratulations for maintaining an on-going, acceptable level of conformance with the ASCLD/LAB-*International* accreditation requirements.

Best Regards,

Laurel J. Farrell
