### **EXPERIENCE:**

September 14, 1987 to present: Employed by Washington State Patrol. Commissioned as a Washington State Trooper March 25, 1989 and assigned to the Goldendale Detachment. Transferred to Kelso in 1991, and then to Walla Walla in 1992 to present.

1992 to present: Attended Collision Technician Specialist course at the Washington State Patrol Academy. I have re-certified as required by the Washington State Patrol every other year to maintain my accreditation.

April 2003: I became a solution changer and a PBT Technician and have maintained that status to present.

February 2008: Completed Breath Test Technician Course at the Roanoke Office. Attended BAC Technician In-Service in September 2008, June 2009, and October 2010. I have attended the D.U.I. Symposiums in June 2013 and June 2014. Participated in the Draeger validation studies at the State Toxicology Office in Seattle and attended the Draeger In-Service in September 2014.

In 2012 I completed the Standard Field Sobriety Instructor Course in Bellevue Washington.

To maintain my status as a Breath Test Technician I participate in the annual certification of the instruments. I conduct the Quality Assurance Procedure (QAP) on at least one of the BACs within the local area and conduct the proficiency test on that instrument. I have conducted the basic and BAC refresher courses to the local law Enforcement Officers in Walla Walla, Tri-Cities, and Columbia and Garfield County agencies. I conducted the Draeger familiarization classes in Walla Walla, Columbia and Garfield County to the local Law Enforcement Agencies.

### **EDUCATION**

I received my Associates Art Degree from Walla Walla Community College and have attended Washington State University in Pullman.
