Aqueda's picture is shown age-progressed to five years. The child was last seen in the company of her mother, Guadalupe Barajas Castro, on November 26, 2001 when the two left to go shopping with an adult male companion. When they were last seen, Guadalupe was pregnant and may have since given birth. The vehicle in which they were traveling was later found abandoned in California but they have not been seen or heard from since and are missing under suspicious circumstances. Aqueda has pierced ears and she is commonly referred to as Elizabeth.
