COURSE ANNOUNCEMENT

Truck Skills Academy-Advanced Five Day Course

Truck Company Operations when carried out by highly trained and equipped personnel provide a higher degree of fire ground efficiency and safety to all on the scene. Truck companies carry an array of specialized equipment and trained personnel to manage the chaotic world of the fire service. This five day course will reinforce the basics and move into some of the more advanced aspects and skills needed for safe and efficient Truck Company operations. Among the functions that will be covered are: aerial physics and operations, commercial ventilation, advanced search, vent enter search, heavy forcible entry (burning breaching breaking), advanced ground ladders, RIT and multi-company operations. This class is five full days of on hands-on training with two days of live fire operations.

PREREQUISITES: Be sponsored by Fire Service Agency and/or enrolled in a fire service educational program or course of study. This course meets NFPA 1001 Firefighter I performance requirements.

THIS CLASS HAS A MINIMUM LIMIT OF 15 STUDENTS
