COURSE ANNOUNCEMENT

Truck Skills Academy FIVE DAY COURSE

Truck Company Operations are a key ingredient to all successful fire ground operations. Weather your department has a dedicated truck company or not, the need for fire ground support is always there. This essential fire ground support function may be carried out by a Ladder Company or by those trained and equipped to perform Truck Company Operations.

This five day class will focus on the Truck Company basics with a heavy emphasis on fire behavior, building construction and the capabilities and limitations of you and your equipment. Among the functions that will be covered are: ventilation of the pitched roof, flat roof and positive pressure ventilation, forcible entry, ladders, rescue, oriented search, inside operations of the truck, safety and survival and multi company operations. The class delivers five days of hands on training with three days of live fire operations.

PREREQUISITES: Be sponsored by Fire Service Agency and/or enrolled in a fire service educational program or course of study. This course meets NFPA 1001 Firefighter I performance requirements.

THIS CLASS IS LIMITED TO 24 STUDENTS.
