

## **Level 2 Certificate of Competency:**

**Work Performed:** Designs water-based fire protection sprinkler systems for single family and multi-family structures up to four stories in height.

**NFPA Standard:** NFPA 13-R and NFPA 13-D

**Application Required:** Yes

**Qualification:** A NICET Level 2 Certification in designing Water Based Fire Protection Sprinkler Systems Layout.

Information on obtaining a NICET certification can found at [www.nicet.org](http://www.nicet.org).

**Qualification Stamp Authorized:** Yes

**Application Process:** In order to apply for a Washington State Fire Sprinkler Certificate of Competency an individual needs to submit a completed Certificate of Competency Packet be in the employ of a licensed Level 2 or 3 Fire Protection Sprinkler Contractor or part of a licensing application.

**Application Review:** Applications are reviewed to ensure that the person meets the qualifications to apply. If the applicant does not meet the qualifications, they will be notified in writing how to address the issue(s) or the application may be returned.

**Application Required:** Yes. This packet contains several documents that need to be completed and returned to the Office of the State Fire Marshal. Forms are available below.

**Conditions:** Must work for a fire sprinkler contractor licensed by the SFMO. Alternatively, the employing contractor can be applying for license with you.

**Fees:** Unless otherwise instructed **DO NOT** send any fees with an application. Fees will be assessed by the SFMO once the application has been accepted and can be processed.

### **Initial Certificate of Competency:**

Initial, one-time fee: \$50.00

Annual fee: \$50.00 (or less – 1<sup>st</sup> year is prorated)

### **Renewing or Reinstating a Certificate of Competency:**

Annual fee: \$50.00

**Rejected Applications:** Applications submitted with the following errors will be returned without the application being processed:

- Application without fees
- Fee's without documentation/application
- Under or overpayment of fees

**Renewals:** Renewal notices are sent to all current certificate holders through their licensed employer annually.

### **Timeline to process a Level 2 Certificate of Competency:**

- For a person to be eligible for a Level 2 Certificate of Competency, they need to qualify through NICET as evidenced by NICET Level 2 Certification in Water Based Fire Protection Sprinkler Systems Layout.

#### **New Applicants:**

Typically, if a contractor employs a person who already qualifies for certification and an accurately completed application takes no more than five business days to process the billing for license/certification fees. Applicants will be notified when corrections are required.

#### **Renewals:**

Accurately completed renewals applications received during the renewal period are immediately reviewed. Applicants will be notified when corrections are required. Typically, if corrections are not needed, it may take up to fifteen days to process the billing for license/certification fees. Due to the volume of renewals received this may take up to an additional fifteen business days.

#### **General:**

If a contractor does not have a person who can obtain the Certificate of Competency; no application can be processed and will be returned.
