

Biography

I have been with the Washington State Patrol since July 14th 2008. I began as a Communications Officer, working at the District 5 Vancouver officer and remained in that capacity until May 2012. I then continued my career with WSP and was hired as a Trooper Cadet in May 2012. I have been a commissioned Washington State Trooper since March 16th, 2014, and was assigned to the Goldendale/Skamania patrol area from 2014 to May 2020. I was recently hired by the Impaired Driving Section of WSP and now serve as the Breath Test Technician assigned to District 5, which covers Klickitat, Skamania, Clark, Cowlitz and a portion of Pacific Counties. My current duties include the maintenance, calibration and certification of breath test instruments, the custodian of instrument records within my counties, the training of breath test instrument operators, and courtroom testimony.
