Please read instructions carefully. Incomplete or missing information may delay processing and/or result in rejection.

To apply for certification as a specialized **Level U Certificate of Competency Holder**, you will need to:

- 1) Work for a licensed fire protection sprinkler system contractor. If currently licensed, they must be from the normal tiers of Levels 2 or 3 or specialized as Level U. If you are the only certificate holder being included with a licensing application, then the company can **ONLY** apply for licensing as a Specialty Level U contractor.
- 2) **You MUST include a copy of a government-issued photo identification that possesses a sample of your signature.**
- 3) **DO NOT SUBMIT** any fees initially. Once you have passed the examination, you will be billed using the fee submittal form you will complete as part of this application.

With regards to the certification costs, there is an initial application fee of \$50.00 and an annual certification fee pro-rated from \$50.00. This pro-ration is based upon the month of your initial certification and does not include the cost of your employer's licensing (if necessary).

- 4) Please complete all sections of this application. Write "NOT APPLICABLE," "DOES NOT APPLY," or other clarifying statements.
- 5) Return all portions of this document marked "MUST RETURN."
- 6) This is an annual program based upon the calendar year. Everything issued will expire December 31 of the year of issue.
- 7) Submit the completed application in its entirety along with your evidence of qualifying for certification and letter of exemption to:

USPS
Post Office Box 42642
Olympia, WA 98504-2642

E-Mail
firesprinkler@wsp.wa.gov

Fax
(360) 596-3934

- 8) If the certification you seek requires our examination, you will be contacted once your completed application has been approved for test scheduling. Certification would then be contingent upon passing that test.
- 9) After passing the examination, you will be given the completed fee submittal form indicating the pro-rated cost of certification. If submitted as part of a licensing application, your fees will be marked on the fee submittal form and both must be paid at the same time for either to be issued.
- 10) A completed application can take between two (2) and ten (10) working days to process and issue.

Those applying as a **SPECIALIZED LEVEL U CERTIFICATE OF COMPETENCY HOLDER** should be aware of the following:

- Certificate Holders are not a fire protection sprinkler system contractor and cannot bid for any work themselves. If you act as a fire protection sprinkler system contractor, you will be treated like one – including the fines for unlicensed operations.
- Certificate of Competency Holders are only allowed to work for one (1) licensed fire protection sprinkler system contractor at any one time and your certification is issued under that single license. In this way, you are considered to be working full time as required by law. Notify us of any employment changes within thirty (30) days and before engaging in any work as a Specialized Level U Certificate of Competency Holder for another employer.
- If your employing contractor is currently licensed, they would normally be licensed as Level U. However, you may also be employed by either a Level 2 or Level 3 Fire Protection Sprinkler System Contractor—just not as their only Certificate of Competency Holder—and your scope of work is still limited by your certification to installation of the dedicated underground fire service main as defined by NFPA 24.
- When your employer is applying for licensing with you as the only certificate applicant, they can only apply for the specialized Level U Fire Protection Sprinkler System Contractor’s License.
- Level U is a specialized level of certification specific to the installation and/or repair of a dedicated fire service main as described and referenced in NFPA 24. You cannot work beyond your level of certification or outside the scope of your employing contractor’s license.
- You are responsible for any and all use of your certification stamp.
- This is an annual program based upon the calendar year. Everything issued expires December 31 of the year of issue.
- Reference the chart below for more details on work allowed by the individual certification level.

(Please note these are specific to those carrying the certification, as some functions can be supervised.)

- 1) Complete the above portion of this form and submit it as part of your/the application. Unless otherwise noted, DO NOT include any fees with your initial submission.
 - a. When submitting as part of a licensing application, be certain you are noted on their fee submittal form and have your application included in their licensing packet.
- 2) Once you have passed the certification examination, this form is returned to you with the amount due calculated by our office. This document is not valid unless signed by an employee of the Fire Protection Bureau.
 - a. When a part of a licensing application, only the Licensing and Certification Fee Submittal Form is returned to the contractor and your costs will be noted on their form.
- 3) Based upon the application's completion date and projected processing times, we try to offer two options for your initial month of certification. Each quote is for the remainder of the year, as set by month, and has a payment due date.
 - a. When combined with a licensing application, you and your employer must agree on the choice, as the license and certification are issued together.

(Payments must be received by the chosen quote's due date to begin certification for that month and any applications still pending after the due date noted in Quote 2 will be rejected.)

- 4) Checks are written out to the Washington State Patrol Fire Protection Bureau (WSP FPB).
- 5) A fee submittal form **must** be returned with your payment. Failure to do so or submitting a partial or incomplete payment will result in your payment being rejected.
- 6) When included with a licensing application, only the licensing and certification fee submittal form will be used.
