E-Mail: firesprinkler@wsp.wa.gov**

Please read instructions carefully. Incomplete or missing information may delay processing and/or result in rejection.

To apply for licensing as a **Specialized Level U Fire Protection Sprinkler System Contracting Company**, you will need to:

- 1) Be properly licensed with the Washington State Department of Labor and Industries (L&I) as either a General Contractor or as a Fire Protection System Specialty Contractor. This will provide you with your *Complete Business Name* and is how you will be licensed with this office and recognized within the State of Washington.
- 2) Have in your employ at least one individual who either currently carries or is capable of applying for a Specialized Level U Certificate of Competency. Include a certification application, transfer, or reinstatement for each employee you are certifying under your license and mark them as such on the fee submittal form. This employee is conditional for licensing as a fire protection sprinkler system contracting company.
- 3) Secure and attach a third party licensing bond in the amount of \$10,000.00 with this office. This bond is separate and unique from any bonding that may already exist.
 - a. In lieu of this bond, you may choose a deposit/savings account in the amount of \$10,000.00 in our name. The bond is conditional for licensing as a fire protection sprinkler system contracting company.

- 4) DO NOT SUBMIT any fees with this application. You will be billed once the application has been approved.

There is an initial application fee of \$100.00 and an annual licensing fee pro-rated from \$1,500.00. This pro-ration is based upon the month of your initial licensing, and does not include certifying your employee(s), which is dependent upon the nature of their certification (application, transfer, or reinstatement).

- 5) Please complete all sections of this application. Use "NOT APPLICABLE," "DOES NOT APPLY," "NO CHANGE," or other similar marks as appropriate. Please print legibly or complete electronically.
- 6) Return all portions of the application marked "MUST RETURN."
- 7) Submit the completed application and any required documentation on your certified employee(s) as noted on your licensing fee submittal form to the **Fire Protection Bureau, Licensing and Certification Programs**, through one of the following methods:

USPS
PO Box 42642
Olympia, WA 98504-2642

E-Mail
firesprinkler@wsp.wa.gov

Fax
(360) 596-3934

- 8) If your required Certificate of Competency Holder(s) must first pass the certification examination, the issuance of your licensing, their certification, and the exact pro-rated fees are contingent upon the completion of that process.
- 9) Applications take approximately 15 days to process and issue.

It is a violation of state law to bid for or offer to execute a contract for any aspect of work on a fire protection sprinkler system without first being properly licensed with this office.

Things to be aware of as a **SPECIALIZED LEVEL U FIRE PROTECTION SPRINKLER SYSTEM CONTRACTOR**:

- Fire Protection Sprinkler System Contractors are not issued a certification stamp. Only the Specialized Level U Certificate of Competency Holder(s) you employ are approved to secure a certification stamp.
- Specialized Level U licensing is contingent upon employing at least one Specialized Level U Certificate of Competency Holder at all times. This is the only level of certification that can be issued under your specialized contracting license.
- Should a specialized Level U Fire Protection Sprinkler System Contractor lose all of their Specialized Level U Certificate of Competency Holders, the contractor has six months or the next renewal cycle to replace them – whichever comes last.
 - Due to the specialized nature of the licensure, it is considered invalid and the contractor incapable of performing Specialized Level U work. *The contractor must notify our office immediately.*
- Any actions performed by employees under the contractor’s license and any fines or penalties assessed for their actions are the contractor’s responsibility.
- Levels 1, 2, and 3 are progressive tiers of licensure. The Level U fire protection sprinkler system contractor is a specialized level of licensing operating outside this system. Neither the contractor, nor their employees, can be involved in any work outside the Level U specialized licensing scope, which is the physical installation of the dedicated underground fire service main from the source to the base of the riser – never design of any kind at any level. Please reference the chart below for more details on work allowed by the individual licensing levels.
- The Specialized Level U licensing scope is the entire dedicated underground fire service main that starts at the valve closest to any approved water source, where water first becomes non-flowing, which if shut off shuts off only the fire protection sprinkler system. All contracted sprinkler system work is under the purview of RCW 18.160.
- This is an annual program based upon the calendar year. Everything issued expires December 31 of the year of issue.

AFFIDAVIT OF COMPLIANCE FOR SPECIALIZED LICENSING

Name of Contractor: _____

I, as the signatory of an applicant for licensing as a specialized Level U Fire Protection Sprinkler System Contractor in accordance with Revised Code of Washington (RCW) [18.160](#) and Washington Administrative Code (WAC) [212-80](#), do hereby make the following statements of compliance to the Washington State Patrol Fire Protection Bureau:

- 1) We have read, understand, and will abide by RCW 18.160 and its administrative rule set, WAC 212-80.
- 2) While engaged in business as a fire sprinkler system contractor, we will follow all relevant state-adopted and locally enacted standards and codes to the best of our ability and employ people properly qualified and/or certified to engage in the sprinkler trade safely, competently, and legally.
- 3) We understand and accept that the Washington State Patrol will make information regarding our licensing status and the status of our certified employees available to the public to assist in ensuring compliance with state law and rule.
- 4) We understand the nature of this Specialized Level U Contractor's License we apply for and, as such, agree that our employees will not work above this specialty while engaged in the fire protection sprinkler system trade.
- 5) Any and all information herein provided to the Washington State Fire Marshal's Office and the Licensing and Certification Programs in this application and any supporting documentation are accurate and true. We have filled this application out completely, withheld nothing, and understand and accept that any incomplete and/or illegible applications can be summarily rejected.
- 6) We hereby release the Washington State Patrol Fire Protection Bureau and its employees from any liability or damage that may result from providing the information included in this application to any other regulatory or enforcement organization on the federal, state, and/or local level.

SPECIALIZED LEVEL U FIRE SPRINKLER SYSTEM CONTRACTOR'S BOND

This bond is required by RCW 18.160.090 for licensing as a Fire Protection Sprinkler System Contractor and must be submitted to the Fire Protection Bureau within 30 days of its effective date to remain valid.

Contractor Name:	_____		
Doing Business As:	_____		
Surety Company:	_____		
Legal Surety from the State of:	_____	Bond Number:	_____
<i>Surety Company MUST be authorized to transact surety business within the State of Washington to enact this bond</i>			

By this bond the Contractor and Surety bind ourselves and our heirs, executors, administrators, successors, and assigns, jointly and severally, to pay the State of Washington the penal sum of **TEN THOUSAND DOLLARS (\$10,000.00)** lawful money of the United States of America.

The Contractor has applied for a Fire Sprinkler System Contractor's license from the Fire Protection Bureau of the Washington State Patrol. The Contractor is required by RCW 18.160 to furnish a continuous licensing bond in the penal sum of **TEN THOUSAND DOLLARS (\$10,000.00)** with good and sufficient surety. The bond must be conditioned as required by RCW 18.160.

The above obligation is conditioned that the Contractor will pay to all who have purchased through contract fire protection sprinkler system design, installation, inspection, testing, maintenance and/or repair work and have obtained a judgment against the Contractor for any breach of said contract. Upon doing so, the obligations of the Contractor and Surety under this bond shall thereafter become null and void. Otherwise, this obligation shall remain in full force and effect per the conditions and terms of RCW 18.160 regarding any and all fire protection sprinkler system work performed by the Contractor.

Any purchaser of a fire protection sprinkler system that has a claim against the Contractor for breach of a fire protection sprinkler system contract may bring suit against this bond in the superior court of the county in which the work was done or of any county in which the court has jurisdiction over the Contractor. No person other than a party to such a breached contract has any right against this bond. Said suit **MUST** be brought forward within one year of the expiration of the Contractor's license with the Fire Protection Bureau. This bond shall not be a substitute for or supplemental to any liability or any other insurance obligation made by law or contract and in **NO CASE** shall the Surety be held liable for any claim in excess of this bond.

This bond shall become effective on _____ and **shall remain in full force** until the earlier of (a) one year after the final expiration of the fire sprinkler system contractor license with the Washington State Patrol Fire Protection Bureau or (b) 45 days after the Surety gives notice of its intent to cancel the bond to the Contractor and to the Director of the Fire Protection Bureau. The aggregate liability of the Surety of all claims, regardless of the year in which the claim accrued, shall not exceed the penal sum of **TEN THOUSAND DOLLARS (\$10,000.00)** regardless of the number of years this bond is in effect, or whether it is reinstated, renewed, reissued, or otherwise continued in any way, shape, and/or form.

Cancelling this bond **shall not** be considered a method of avoiding a valid judgment to any party with legal claim to this coverage.

IN WITNESS OF THIS CONTRACT, the Contractor and Surety have affixed their hands and seals to this binding obligation.

- 1) Complete the top of this form and submit it with the application for your company and each certificate holder. Unless otherwise instructed, DO NOT include any fees with your initial submission.
- 2) Once the applications are approved and any required examinations are passed, this form is returned to you with the amount due calculated by our office. This document is not valid unless signed by an employee of the Fire Protection Bureau.
- 3) Based upon the application's completion date and projected processing time, we try to offer two options for your initial month of licensing. Each quote is for the remainder of the year, as set by month, includes the fees for your employees noted above, and has a due date. *Payments must be received by your chosen quote's due date to begin licensing for that month, and applications pending after the date noted in Quote 2 will be rejected.*
- 4) Checks and money orders are written out to the Washington State Patrol Fire Protection Bureau (WSP FPB).
- 5) A fee submittal form **MUST** be returned with your payment. Failure to do so or submitting a partial or incomplete payment will result in your payment being rejected.
