**State Fire Mobilization Authorized for the Babb Road Fire**

Spokane County – State fire assistance has been mobilized under the Washington State Fire Services Resource Mobilization Plan in support of local firefighters working to contain the Babb Road Fire located in Spokane County, near Spangle. The Babb Road Fire is burning in grass, trees, and some structures. Washington State Patrol Chief John Batiste authorized the mobilization of state firefighting resources on September 7, 2020, at 4:15 pm at the request of Deputy Fire Chief Bill Dennstaedt, Spokane County Fire District 3.

The Babb Road Fire started on September 7, 2020, at approximately 11:59 am. This fire is estimated at 2,500 acres and growing. It is threatening homes. Level 2 and Level 3 evacuations are in effect at this time. The fire cause is currently under investigation. Mobilization specialists from the Fire Protection Bureau have ordered 3 strike teams.

The State Emergency Operations Center at Camp Murray will remain activated to Level 1 to help coordinate state assistance for the Babb Road Fire. State Fire Marshal's Office personnel are en route to the scene to coordinate dispatch of resources.

Under the State Fire Services Resource Mobilization Plan, the Fire Protection Bureau coordinates the initial dispatch and continued administrative oversight of resources and personnel for the duration of the mobilization. The Mobilization Plan is implemented to provide a process to quickly notify, assemble and deploy fire service personnel, equipment and other resources from around the state when fires, disasters or other events exceed the capacity of local jurisdictions. More information about the Washington State Fire Services Resource Mobilization Plan is available at:

<http://www.wsp.wa.gov/all-risk-mobilization/>.

The State Fire Marshal's Office is a Bureau of the Washington State Patrol, providing fire and life safety services to the citizens of Washington State including inspections of state licensed facilities, plan review of school construction projects, licensing of fire sprinkler contractors and pyrotechnic operators, training Washington States firefighters, and collecting emergency response data.
