WASHINGTON BACKGROUND CHECK ADVISORY BOARD ANNUAL REPORT

Developed by: Washington Background Check (WBC) Advisory Board

December 15, 2021

BACKGROUND

In the 2020 Legislative Session, the Washington State Legislature passed Engrossed Second Substitute House Bill 2467 (E2SHB 2467) to create a centralized point-of-contact firearms background check program within the Washington State Patrol (WSP).

As a function of E2SHB 2467, the Washington Background Check (WBC) Advisory Board was established. The duties of the WBC Advisory Board (Board) are as follows:

The WSP must consult with the Board in carrying out its duties. The Board shall consist of the following members, appointed by the Governor:

- The Chief of the WSP or the Chief's designee;
- The Executive Director of the Washington Association of Sheriffs and Police Chiefs (WASPC) or the Executive Director's designee;
- One sheriff;
- One police chief;
- One licensed firearms dealer [under 18 U.S.C. Sec. 923(a)]; and
- One member of the general public.

The Board shall convene within 90 days of the effective date of the bill, from its members elect a chairperson, and must meet no less than monthly until the WSP deems the background check unit is operational, at which time the Board shall meet quarterly. The Board shall:

- Provide input and feedback regarding the establishment and operation of the firearms background check unit;
- Provide input on the development of the firearms background check (FBC) unit budget prior to its formal submission to the Office of Financial Management (OFM);
- Be consulted prior to proposing or adopting any rule relating to the firearms background check unit;
- Require reports from the WSP on matters pertaining to the firearms background check unit; and
- Report to the Governor and appropriate committees of the Legislature each year on activities of the Board and the firearms background check unit.

Board member identification/selection was completed by the Governor's Office on September 29, 2020. WSP's Assistant Chief Rob Huss, was replaced by Assistant Chief Marc Lamoreaux in 2021. The members are as follows:

- Assistant Chief Marc Lamoreaux, Washington State Patrol
- Executive Director Steve Strachan, Washington Association of Sheriffs and Police Chiefs
- Sheriff Tony Hawley, Okanogan County Sheriff's Office
- Chief Keith Siebert, Quincy City Police Department
- Ms. Tina Browning, Farwest Sports/Sportco - (Licensed Firearms Dealer/Retail)
- Mr. Brian Moreno, Moreno & Moreno LLC - (General Public Member)

EXECUTIVE SUMMARY

The Board met 12 out of 12 months in 2021, and convened on the dates listed below:

- January 19, 2021
- February 16, 2021
- March 9, 2021
- April 12, 2021
- May 11, 2021

- August 10, 2021
- September 14, 2021
- October 12, 2021
- November 9, 2021
- December 14, 2021

See Addenda A for status and budget reports from the meetings. ¹

ACCOMPLISHMENTS FOR 2021

The WSP procured Project Manager (PM), Technical Architect (TA) and Quality Assurance (QA) independent consultant for the duration of the project which is expected to be completed by January 2024. The WSP established the Firearms Background Division and hired a Commander and Assistant Division Commander as the first hires of the Division. WSP Executive Staff agreed with the Department of Licensing (DOL) regarding I1639 and concluded there is no cost-effective way to conduct annual re-background checks for Washington citizens who legally purchase a firearm.

The WSP developed a name for the new Information Technology (IT) system – Secure Automated Firearms E-check (SAFE). An official email address was created for the division, firearms@wsp.wa.gov, ensuring effective communication with all of the stakeholders involved in the project. A Listserv (automated mailing list service) was developed to encourage Federal Firearms License's (FFL) to sign up for receiving all firearm-related announcements from WSP.

The investment plan and technology budget were submitted to the Office of the Chief Information Officer (OCIO) for publication on their project dashboard. Bi-weekly meetings with the OCIO and the PM started and will continue throughout the project. The technology portion of the project is under gated funding by OFM. Through 2021, gates one, two, and three have been applied for, approved and closed.

The WSP established a request for proposal (RFP) to procure a technology provider. The Attorney General reviewed the RFP to ensure industry standards and WSP were meeting best practices. A contractor was selected and contract negotiations took place which included establishing a statement of work. A Special Assistant Attorney General (SAAG) was hired to review the final vendor contract. The technology vendor contract was signed with Catalyst Consulting Group (CCG) and a project kickoff meeting was held in October 2021. As with all projects, a lessons-learned meeting took place for all involved. The next step will be the PM, TA

¹ Addenda A, Firearms Background Check Program – Status and Budget Reports; January – December 2021

and CCG working with the WSP security team on the required Office of Cyber Security (OCS) review.

The PM, TA and the WSP business owner continue to meet with the various stakeholders: Administrative Office of the Courts (AOC), Health Care Authority (HCA), Department of Licensing (DOL), and FFL dealers to confirm their engagement in the project.

The WSP will need to find a location to house the 70 plus staff members required to process firearm background checks. The WSP worked with the Property Management Division (PMD) and completed the necessary paperwork to submit to OFM to determine where the new division (FBD) will be located.

The FBD Commander presented a Legislative Action Request (LAR) to the WSP Executive Staff to discuss possibilities of having **all** firearm-related background checks centralized within FBD. E2SHB 2467 did not include Concealed Pistol Licenses (CPL) and disposition of firearms (release of a firearm from evidence). Discussions continue to reference this topic to ensure a decision is made before the FBD is fully operational.

REQUEST OF THE BOARD

CPL, Alien Firearm License (AFL), and disposition of firearms (release of a firearm from evidence) were not addressed in E2SHB 2467. Following the aforementioned discussions with stakeholders, including local law enforcement agencies and DOL, the Board may request the legislature for revisions to the following statutes.

- 9.41.070
- 9.41.097
- 9.41.173
- 9.41.345
- 9.41.0975

Proposed changes may hinge the authority of conducting the enhanced background check to the WSP FBD. If that is the case, the Board will also requests to add language to include the previously authorized \$18 fee be applied to these checks as they were for firearm transfers. The fee would go back to the established firearms account to sustain the program.

CONCLUSION

The Firearms Background Check Program is on target and progressing effectively. Essential steps for 2021 and requisite communications/consultation with the Board were achieved. Budget reports reflect sound business practices, OFM authorized the allocation of funding through the remainder of the biennium, and phases transitioning into 2022 are correctly identified by the WSP.

PM & TA

- A RFP was published in November for a Project Manager (PM) and Technical Architect (TA) for the project
- 12 companies submitted proposals
 - Narrowed it down to two companies for oral interviews
 - Oral interviews conducted in December
 - One company chosen – **First Rule Group**
 - Debriefs for other companies that wanted them conducted the week of January 11th – five companies wanted a debrief
- This week is the protest period for any of the companies
- Building the contracts for the PM and TA started this week

Cascadia Consulting

- A contract amendment is being put into place to have a period of transfer knowledge for the company that built the Implementation Plan to share with the new PM and TA

QA

- Contracts office is in the process of putting together the RFP for a Quality Assurance (QA) personnel
- OCIO and OFM for a project this size requires one

Investment Plan & Technology Budget

- The OCIO/OFM offices required the Patrol to develop an Investment Plan and Technology Budget for the Implementation Plan
 - They required this because part of the funds to build the implementation plan were in the technology pool for state projects
- Both of these tasks are complete and have been submitted to the OCIO for draft review

PM & TA

- Contract was signed with First Rule Group to provide a Project Manager (PM) and Technical Architect (TA) through June 2021.
- Once we know if we will have funding for the rest of the project we will do a contract extension for those two roles.
- We have our kick off meeting with them later today – 2/16.

Cascadia Consulting

- Scott Came with Cascadia Consulting – the amendment to his contract was put into place.
- He will provide some subject matter expertise training to help get the PM/TA ramped up as quickly as possible.
- He will also be available to help us review deliverables from the PM/TA – in particular the RFP for a technology provider.

QA

- The Request for Proposal (RFP) for the Quality Assurance (QA) personal was published.
- This RFP will be for services through June 2021 also.
- Once we know if we will have funding for the rest of the project we will do a contract extension for this role just like the PM and TA.

Investment Plan & Technology Budget

- The OCIO/OFM offices required the Patrol to develop an Investment Plan and Technology Budget for the Implementation Plan.
- Both of these tasks are complete and have been submitted to the OCIO for draft review.
- **Update** – OFM came back with some suggestions to update on both the Investment Plan and Technology Budget.

Draft Position Descriptions

- Draft position descriptions for a Firearms Background Division (FBD) commander and assistant division commander have been sent to our Human Resource (HR) Division for review.
- HR provided some suggestions and we are working on making those adjustments/suggestions.

PM & TA

- Project Manager and Technical Architect have jumped in and started to work on the requirements to get a RFP put together
- Met with key staff
 - Budget and Fiscal Division - Contracts office
 - Electronic Services Division to verify requirements
 - Information Technology Division to verify requirements
- Couple of meetings with Scott Came took place for knowledge transfer

QA

- The deadline for RFP for the Quality Assurance position was March 8th
- Next steps:
 - WSP team will review proposals and score them
 - WSP team will pick top two candidates and do an oral interview
 - WSP team will pick top candidate and then conduct reference checks
 - Then the fun begins – Contract negotiations

Investment Plan & Technology Budget

- The Investment Plan and Technology Budget have been submitted to OCIO/OFM in hopes this will be the last version for a bit
- The Budget is based on assumptions and might need to be changed in the future

Steering Committee

- The steering committee met monthly during the Implementation Plan
- RFP phase

Firearms Background Division

The **Firearms Background Division (FBD)** is comprised of five Sections: Customer Service, CPL Unit, Research Unit, State Check Unit and the Training and Statistics Unit. There is additional information on each section provided in the left hand menu on this page.

The Washington State Patrol provides services to Law Enforcement Agencies (LEA)'s and Federal Firearms Licensees (FFLs) also known as firearm dealers.

Customer Service Unit Overview: The Customer Service Unit is responsible for all incoming calls from firearm dealers and local law enforcement agencies regarding their submission of a background check to be processed.

CPL Unit Overview: The Concealed Pistol License (CPL) Unit is responsible for processing the background checks for local law enforcement agencies for them to issue CPL's and Alien Firearm Licenses. The unit is also responsible for processing background checks for local law enforcement agencies when they return a firearm from evidence.

Research Unit Overview: The Research Unit is responsible for an enhanced look into the background check for a firearm, CPL or a firearm release from evidence. There are several state and federal prohibitor's that need to be verified before a FFL can transfer a firearm or law enforcement agency can issue a CPL, or release a firearm form evidence.

State Check Unit Overview: The State Check Unit is responsible to conduct the annual required state background check for persons who acquired pistols or semiautomatic assault rifles as required by RCW. 9.41.139

Training and Statistics Unit Overview: The Training and Statistics Unit is responsible for all of the training for the Division in how to conduct a firearm background check. The Unit also handles statistics for the Division.

CPL background checks

- E2SHB 2467 stated that all background checks for handguns, long-guns, semi-automatic rifles and “other” would be handled by the centralized point of contact (Firearms Background Division) within the Washington State Patrol once it is established. The bill did not address CPLs.
- CPLs require the same background check for a handgun, long-gun, semi-automatic rifle (SAR) or “other”.
- If Washington State is truly going to have a centralized firearm background check program, all related firearm background checks should be processed through the Firearms Background Division, located within the Washington State Patrol, and not continue to have multiple jurisdictions making those determinations.
- The RCW language should also be updated to include the \$18 fee that was assessed for processing the background check. This fee would go back to the division to sustain the program.
- Government and Media Relations will be setting up a meeting the sponsor of the original bill E2SHB 2467.

Centralized Firearm Background Checks for Washington State

Current Process - Decentralized State

In the 2020 legislative session, a bill was passed laying the groundwork for Washington State to become a centralized point of contact state for all background checks being completed for firearms. The Washington State Patrol (WSP) was named the agency that would conduct all of those checks.

The WSP built an Implementation Plan - <https://www.wsp.wa.gov/legislative-reports>. The plan was published to the legislature in December 2020. The plan is a roadmap for the technology needed for the background checks and how to put together a new division within the WSP.

KEY DATES

January 2021	Hired a Project Manager, Technical Architect and Quality Assurance personnel for the technology need and building a new division.
March 2021	Start the Request for Proposal (RFP) process to find a technology vendor.
September 2021	Have a contract in place with the top technology vendor building the required system.
September 2021 – March 2023	Technology vendor will build the required system.
2022 - 2023	Testing with Administrative Office of the Courts (AOC), Health Care Authority (HCA), Department of Licensing (DOL) and Federal Firearm License (FFL) dealers.
July 2023	Soft Launch of the system with a few FFL's at a time.
January 2024	Statewide implementation of the system.

Future Process - Centralized State

RFP Lessons Learned

RFP Phase	Positive effect	Needs Improvement
Resources	Keep a consistent review team	Clarify roles for review
	Meet regularly to discuss bids	Ensure skill sets needed
RFP Format	Included plenty of supporting details and documents	Define format of requirements and system overview at beginning of RFP development
	Implementation Plan as basis	
Bidder Scoring	Conducted a review of all scoring prior to submitting final results and recommendation	Define scoring method and validate that WSP priority requirements are given correct weight
References	Consistent method used to conduct all the references	Process is very time consuming. <i>Recommend that WSP and DES review this process for improvement.</i>
